New Call for strengthened Regional Networks and Cross-thematic Partnerships in the ENC

The aim of the call is to support and strengthen **regional partnerships, cross-country / cross-thematic** alliances, and to **utilize windows of opportunity**.

Partnerships can be:

- 1. Cross-Country Partnership:** One CSO from the ENC (Lead applicant) in partnership with minimum one other civil society actor from at one other ENC country or Denmark.
- 2. Cross Thematic Partnership:** One CSO from the ENC (Lead applicant) in partnership with minimum one other civil society actor from the same ENC country.

What kind of projects do we support?

- 1. Regional networks** and alliances to foster understanding and collaboration across the ENC.
- 2. Cross-country and/or cross-thematic activities** that promote solidarity, peaceful coexistence, and mutual understanding (e.g., campaigns, cultural exchanges, community building).
- 3. Windows of opportunity** for civil society actors facing civic space restrictions or human rights challenges.

All projects should align with one or more of NDF's themes — **youth, media, culture, labour market, or green and just transition** — and the cross-cutting priorities: **gender, human rights, or inclusion**.

Maximum support is **EURO 53,000 (DKK 400,000)**.

We encourage CSO's with lesser experience to apply for maximum **EURO 13,400 (DKK 100,000)**.

Project period must be maximum one year from the start date.

Applications are accepted on a rolling basis.

Looking for guidance or inspiration?

Join our Support Sessions where you can get one-to-one guidance and counselling from the experts in the New Democracy Fund's consortium working with Youth, Labor Market and Culture.

Registration forms for all meetings is shared on our SoMe platforms.
